

Park

Campground management, made simple (and free!)

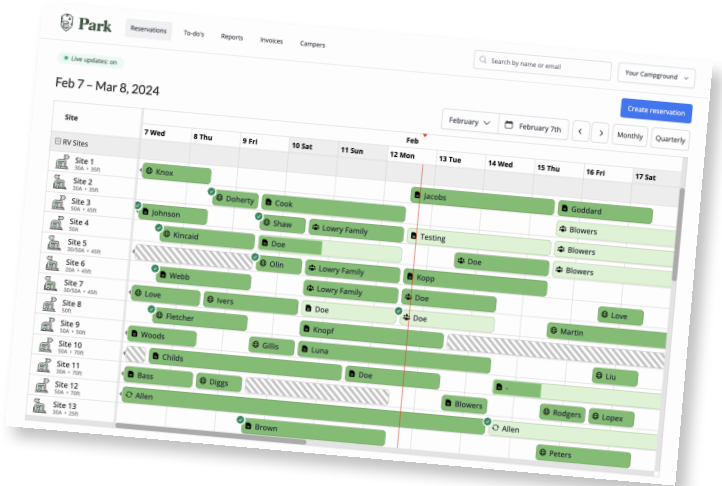

Manage your campground and accept online reservations with the world's most easy-to-use software that comes with no contracts or costs to you.

Finally, easy to use campground software

Managing your park is simple, flexible, and intuitive.

Drag a reservation to change the site, date, or duration. Take payments, update status, check in campers, and more with one click

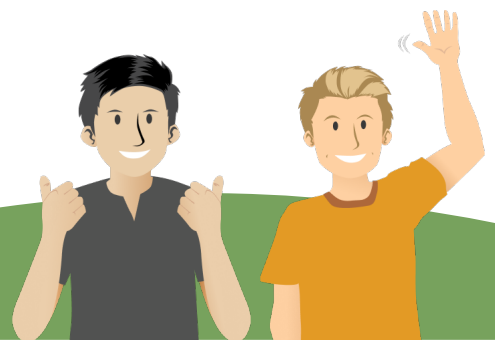

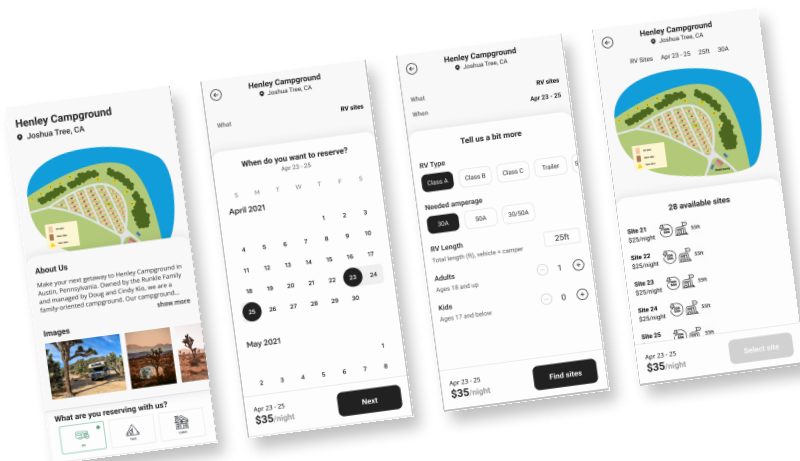

From nightly RV sites, tent sites, or cabins to hourly rentals of boats, boat slips, golf carts, kayaks, and anything else, Park automates all sides of your business in one platform.

Fast & fair booking for your campers

Campers can make reservations right from your website in under 60 seconds. Those who choose to book online pay a small service fee.

Anyone who prefers not to pay the fee can make a reservation by calling or showing up, just as they always have.

Park

Get started in just 1 week

Monday

Schedule a 30-minute demo call below

Wednesday

We'll collect your park info and build your map

Friday

Start using park and accepting reservations!

Trusted by parks like yours across the US & Canada

"We knew that we needed to modernize, and the Park team made that transition very easy"

Vicki Cussans
Mountain Valley RV Park

"This has been a game changer - I'm all for efficiency and you've made life easier for customers and management"

Zach King
North Shore Marina & Campground

"Our campers love this booking option and it has made our lives significantly easier to manage reservations."

Teresa Stoffel
Great Escape RV Park

"Our campers love this booking option and it has made our lives significantly easier to manage reservations."

Jolynn Runkle
Hemlock Campground
